# IndianOil, Air India sign MoU on sustainable aviation fuel

Chennai, Aug 20: Indian Oil Corporation Limited and Air India today signed a Memorandum of Understanding (MoU) for the supply of Sustainable Aviation Fuel (SAF), marking a major step towards a greener future for Indian aviation. This MoU outlines the shared commitment of both Parties to promote the adoption of low-carbon fuels in aviation, support global decarbonization goals, and contribute to the transition toward more sustainable air transport operations.

The MoU was signed by Shailesh Dhar, Executive Director (Aviation), IndianOil, and P. Balaji, Group Head - Governance, Regulatory, Compliance (GRC) and Corporate Affairs, Air India, in the presence of A S Sahney, Chairman, IndianOil and Shri Campbell Wilson, CEO, Air India.

This collaboration reaffirms IndianOil's role as a trailblazer in India's energy transition, bringing India closer to a greener, cleaner aviation future. The Corporation has

become the first Indian company to receive ISCC CORSIA certification for SAF production at its Panipat Refinery. The certification granted under ICAO's Carbon Offsetting and Reduction Scheme for International Aviation (CORSA), establishes IndianOil's capability to produce SAF that meets the most stringent international sustainability and lifecycle carbon emission standards.

A. S. Sahney, Chairman, IndianOil, said "The signing of this MoU with Air India represents a strategic step in India's transition to sustainable aviation. With our ISCC-CORSIA-certified SAF from Panipat, IndianOil is ready to provide a sustainable fuel solution that will help decarbonize air travel. Partnering with India's flagship carrier, we are aligning national

climate goals and setting a benchmark for the industry"

Campbell Wilson, CEO & Managing Director, Air India said: "Through this MoU with IndianOil, Air India is committed to support the Government of India's initiatives to promote sustainable development in the aviation sector and to further its own sustainability goals to achieve the IATA Net Zero by 2050 target." By integrating certified green fuels into commercial operations, IndianOil and Air India are together reinforcing India's position as a front-runner in sustainable aviation and energy transition. Through this MoU, IOCL and Air India aim to collaborate on the supply of SAF to meet CORSIA targets and even exceeding them for international flights, ensuring a reliable, transparent, and sustainable fuel supply to support both companies' environmental goals.

# Torch run, CSR activities mark Indian Bank Foundation Day

Chennai, Aug 20: To mark the milestone of its 119th Foundation Day, Indian Bank organized a symbolic "Torch of Trust Run" led by the Bank's sportspersons from the Corporate Office, Royapettah, to the Indian Bank Academy for Growth and Excellence (IMAGE), MRC Nagar. The torch was received by the Bank's top executives, followed by a celebratory program graced by M. Nagaraju, IAS, Secretary, Department of Financial Services, Government of India, as the Chief Guest.

Reaffirming its commitment to social responsibility, Indian Bank rolled out several impactful initiatives.

During the event, the Chief Guest handed over the keys of a newly donated ambulance to Dr. G. Hariharan, Dean, Government Medical College and Hospitals, Omandurar, in the presence of Binod Kumar, MD & CEO, Indian Bank. Additionally, the Bank launched a month-long Annadaan program, distributing food to old age homes, shelter homes, orphanages, and similar institutions across

Chennai. As part of recognizing exemplary service, Smt. Bhageerathy Ramamoorthy, Managing Trustee of Anandam (A Public Charitable Trust), was felicitated for her outstanding contributions to social causes.

In his address, M. Nagaraju, IAS, praised the Bank's enduring role in national progress and highlighted its alignment with the country's development journey. He urged stakeholders to strengthen nation-building through innovation, community engagement, and responsible banking.

Speaking on the occasion, Binod Kumar, MD & CEO, paid homage to India's freedom fighters and soldiers, reaffirming Indian Bank's mission to drive financial inclusion, empower communities, and contribute to a stronger economy. He also noted the nation's recent credit rating upgrade to BBB/Stable/A-2 by S&P Global Ratings, reflecting both India's and the Bank's achievements.

The event saw enthusiastic participation from Executive Directors,

Chief General Managers, General Managers, executives, staff members, and their families.

# Chennai Customs seize gold worth Rs.2.5 cr

Chennai, Aug 20: Chennai Air Customs seized 2.57 kg of 24K gold worth Rs.2.5 crore from a smuggling racket at the International Airport.

Acting on AIU intelligence, officials kept overnight surveillance in the transit area (Aug 17-18). They spotted two Sri Lankan passengers with a suspicious travel route (Dubai-Chennai-Singapore-Colombo) and later intercepted a ground handling staff carrying three black-taped gold paste cylinders, handed to him in a washroom by one of the passengers. Three Sri Lankan transit

passengers were detained, with two confessing to concealing gold paste in their rectum. Body scans led to the recovery of three more cylinders. In total, six cylinders weighing 2,576 grams of gold were seized.

Using the staff as bait, officials further nabbed two Indian handlers outside the airport. Altogether, five people—two Sri Lankan nationals and three Indians—were arrested and remanded. The case highlights Chennai AIU's constant vigilance in curbing airport smuggling.

# From classroom to print Envisioning most developed nation by 2050

India is undoubtedly one of the youngest nations in the world based on the age demography of the population. In conversation with *Trinity Mirror*, some aspiring young minds gave a free flow to their imaginative thoughts about what India could be in the future based on all the technological innovations and other factors that are changing the geo-political phase of the world. In this article, SRM School of Media Studies student Harshita Harish Gupta envisions India as the most developed country by 2050.

## Harshita Harish Gupta

Following a workshop on the 'The Art of News Article Writing' recently curated by Editor of Makkal Kural and Trinity Mirror Newspaper R. Muthu Kumar, the students of the School of Media Studies at SRM Institute of Science and Technology, Ramapuram, Chennai penned articles — giving free flight to their vivid imagination — on what they thought of India, its Independence and the future of the nation.

The echoes of folk songs lingered in the air as humanoid robots from different states danced to the beats of their native traditional melodies, in their traditional attire. It was a celebration not just of independence but of innovation and progress in every sense. The day marked a historic first when the scientists revealed a new species to the world: half humans-half animals, carefully curated in the labs, in collaboration with cultural anthropologists. The species was named 'Animan'. Stunning the citizens.

"The initial purpose behind developing Animans was to conserve the endangered animal species, but after their creation, we discovered that they're fluent in both human speech and the language of their animal kin," said the lead scientist. Meaning it will help bridge the gap between humans and animals, and thus, the theme for India's 103rd Independence Day was "Beyond Limits: Innovating India".

The entire event was broadcast across the world and beyond the Earth for the migrants to witness the magical event.

The celebration wasn't only about the present, but also about the journey that led India here. In the last two decades, India has seen many changes with the blend of technology and accountability laws, 'corruption', once considered an incurable disease, became an unfamiliar term, the country also achieved the goal of 100 percent literacy and is currently working on building a time machine. With the rising economy and cost of living, smaller families became the norm, leading to a rise in humanoids taking over both domestic and professional roles.

Artificial Intelligence, entirely led by humanoid candidates, had become one of the strongest political forces in recent elections. In conversation with Nya-One, the leader of the AIM party, expressed her thoughts on the celebration, saying "If someone from the past travelled to 2050, they would be astonished to see the transformation of India. Change is inevitable, but the soul of the nation remains untouched."

The passionate love and fierce protectiveness of the citizens towards Bharat Matha (Mother India), the culture, hospitality and traditions will forever remain the spirit of India.
